5. Important note

At Accenture, all assessments and interviews are recorded and go through multiple stages of auditing, both before an offer is extended and after onboarding.

We maintain stringent protocols to prevent any form of malpractice, including but not limited to cheating, unauthorized communication, the use of prohibited devices (such as mobile phones), and any attempts to tamper with systems, such as usage of malicious software.

- Please ensure the following during your assessment:
- Keep your camera and microphone on throughout the assessment.
- Remain clearly visible in the camera for the duration of the assessment.
- Do not seek any external assistance or take help from others during the assessment.

Any engagement in unauthorized or fraudulent activities, misrepresentation, or the use of unfair means during the recruitment process will lead to appropriate actions by Accenture. This may include disqualification from the current recruitment process as well as all future opportunities.

Your information, including answers, video, audio, and online session data, will be recorded, stored, viewed, and analyzed to ensure the integrity of the assessment. Please be assured that this data will be handled in accordance with applicable data privacy laws and Accenture's Global Privacy Statement as agreed upon during registration.

We encourage all candidates to adhere to these guidelines throughout assessments and interviews to ensure a fair and transparent process.

Notice from Accenture

Accenture has not authorized any agency, company or individual to either collect money or arrive on any monetary arrangement in exchange for a job at Accenture.

Accenture's criterion for hiring candidates is merit. Any agency, company or individual offering employment with Accenture in exchange for money is misrepresenting their relationship with Accenture, which has not authorized any such action.
